IMAGE MUSICAL THEATRE PRESENTS

Hansel and Gretel

As one of the great European fairy tales 'Hansel and Gretel' is as relevant today as it was for previous generations. It tells the story of two children, a brother and a sister, who support each other and survive foolish parents, a dark wood, a gingerbread house and a wicked witch. By setting an example to the adults, the children bring about a joyful reunion and a happy ending. Children have the opportunity to participate in the singing and some will get to be part of the action on stage.
